Description of the pads and their usage

Guards & Shields

This is a small pad with a waterproof backing and an adhesive strip to secure to underwear.

Booster Pads

An absorbent pad must be used with another pad or padded garment. It does not have a waterproof backing.

Pad & Pant System

This is a large pad with a waterproof backing and no adhesive strip. It is normally worn with stretch pants.

Belted All In One (Nappy Style)

This is a nappy style pad with a built in belt to allow for easy adjustment.

All In One (Nappy Style)

This is a traditional nappy style pad with tabs.

Pull Ups

This is an absorbent padded brief.

Stretch Pants

These are used to secure pads close to the body.
